## Condensed Interim Consolidated Statement of Cash Flows (Cont'd) For the 6 months ended 30 September 2025

During the 6 months ended 30 September 2025, the Group acquired property, plant and equipment with an aggregate cost of \$9,819,000 (30 September 2024: \$8,127,000), of which \$2,985,000 (30 September 2024: \$400,000) were acquired by means of hire purchase arrangements. Cash payments of \$7,481,000 (30 September 2024: \$3,964,000) were made to purchase property, plant and equipment, out of which \$3,365,000 (30 September 2024: \$737,000) was for the unpaid liabilities for prior period's acquisition of property, plant and equipment. At the reporting date, the unpaid liabilities from the purchase of property, plant and equipment during the 6 months ended 30 September 2025 amounted to \$2,718,000 (30 September 2024: \$4,500,000).

The Group participates in a supplier finance arrangement under which banks agree to pay participating suppliers for invoices owned by the Group and the Group repays the banks at a later date, with interest. The principal purpose of this arrangement is to provide the Group with extended payment terms so as to better manage cash flows and liquidity. A portion of the proceeds from the banks shown in the financing cash flow activities reflects the amounts paid by the banks to the Group's suppliers on behalf of the Group.

#### 1. Corporate information

CSC Holdings Limited ("the Company") is a company incorporated in the Republic of Singapore and whose shares are publicly traded on the Mainboard of the Singapore Exchange.

The principal activity of the Company is that of investment holding. The Group is primarily involved in piling works, civil engineering works, trading and leasing of heavy foundation equipment, soil investigation and surveying works.

The condensed interim financial statements as at and for the 6 months ended 30 September 2025 relate to the Company and its subsidiaries (together referred to as the "Group") and the Group's interests in equity-accounted investees.

#### 2. Basis of preparation

The condensed interim financial statements of the Group has been prepared in accordance with the Singapore Financial Reporting Standard (International) ("SFRS(I)") 1-34 *Interim Financial Reporting* issued by the Accounting Standards Council Singapore. They do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance of the Group since the last annual consolidated financial statements as at and for the year ended 31 March 2025.

The condensed interim financial statements, which do not include the full disclosures of the type normally included in full annual financial statements prepared in accordance with the SFRS(I)s, are to be read in conjunction with the last audited financial statements for the year ended 31 March 2025.

Accounting policies and methods of computation used in the condensed interim financial statements are consistent with those applied in the financial statements for the year ended 31 March 2025, which were prepared in accordance with SFRS(I)s, except for the adoption of new and amended standards as set out in note 2.2.

The condensed interim financial statements are presented in Singapore dollars, which is the Company's functional currency. All financial information presented in Singapore Dollars have been rounded to the nearest thousand, unless otherwise stated.

#### 2.1 Going concern

The condensed interim financial statements have been prepared on a going concern basis, notwithstanding the Group's total current liabilities exceeded its total current assets by \$4.5 million as at 30 September 2025 (31 March 2025: \$2.2 million). Management, after assessing the sources of liquidity and funding available to the Group, believes that it will be able to meet its obligations due within the next 12 months from the date of interim financial statements. These include committed unutilised credit facilities (which also contains overdraft facilities) of \$30 million as at 30 September 2025, projected net operating cash inflows for the next 12 months and available cash reserves as at 30 September 2025 to finance the Group's working capital and day-to-day operation requirements.

Based on these factors, management has a reasonable expectation that the Group has and will have the adequate resources to continue in operational existence for at least the next 12 months from the reporting date and for the foreseeable future.

#### 2. Basis of preparation (cont'd)

#### 2.2 Changes in material accounting policies

#### New and amended standards adopted by the Group

The Group adopted various new/revised SFRS(I)s, SFRS(I) interpretations and amendments to SFRS(I)s applicable for the financial year beginning on 1 April 2025. The application of these standards and interpretations did not have a material effect on the condensed interim financial statements.

#### 2.3 Use of judgements and estimates

In preparing the condensed interim financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty are consistent with those applied to the consolidated financial statements as at and for the year ended 31 March 2025.

#### 3. Seasonal operations

The Group's businesses are not affected significantly by seasonal or cyclical factors during the financial period.

#### 4. Revenue and segment information

#### (a) Revenue

#### (b) Segment information

The Group has two reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different products and services, and are managed separately because they require different marketing strategies. For each of the strategic business units, the Group's Board of Directors reviews the internal management reports on a quarterly basis. The following summary describes the operations in each of the Group's reportable segments:

Foundation and geotechnical engineering: Includes civil engineering, piling, foundation and geotechnical engineering, soil investigation, land

surveying and other related services

Sales and lease of equipment: Sales and rental of foundation engineering equipment,

machinery and spare parts, and other related services

#### 4. Revenue and segment information (cont'd)

#### (b) Segment information (cont'd)

Other operations include the sale and sublet of land, property development and fabrication, repair and maintenance services for heavy machinery. None of these segments meet any of the quantitative thresholds for determining reportable segments in both financial periods.

The bases of measurement of the reportable segments are in accordance with the Group's accounting policies.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit before tax, as included in the internal management reports that are reviewed by the Group's Board of Directors. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis.

#### 17. Fair value of financial instruments

The accounting policies involving the most significant judgements and estimates used in the preparation of the condensed interim financial statements are consistent with those found in the last audited financial statements for the year ended 31 March 2025.

#### Fair value hierarchy

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

#### Fair values versus carrying amounts

The carrying amounts and fair values of the financial assets and liabilities, including their levels in the fair value hierarchy are as follows. It does not include fair value information for financial assets and liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

#### Estimation of fair values

The following methods and assumptions are used to estimate fair values of the following significant classes of financial instruments:

#### Fixed interest rate bank loans

The fair values have been determined by discounting the expected payments with current interest rates for similar instruments at the reporting date.

#### Floating interest rate bank loans

The carrying amounts of floating interest bearing loans, which are repriced within 1 to 6 months from the reporting date, reflect the corresponding fair values.

<sup>\*</sup> Excludes deposits received

#### 17. Fair value of financial instruments (cont'd)

#### Estimation of fair values (cont'd)

Non-current trade and other receivables and non-current trade and other payables

The fair value information has not been disclosed for non-current trade and other receivables and non-current trade and other payables as the carrying values approximate their fair values and the Group and the Company do not anticipate that the carrying amounts recorded at the end of the financial year would be significantly different from the values that would eventually be received or paid.

Other financial assets and liabilities

The notional amounts of financial assets and liabilities with a maturity of less than one year (including current trade and other receivables, cash and cash equivalents, current trade and other payables and short term borrowings) are assumed to approximate their fair values because of the short period to maturity.

Transfers between Levels 1, 2 and 3

There were no transfers of financial instruments between Levels 1, 2 and 3.

#### 18. Investment in joint venture companies

On 26 September 2025, THL Foundation Equipment Pte. Ltd., a 55%-owned subsidiary of the Group, entered into three separate Joint Venture Agreements with three different parties for the establishment of three joint venture companies.

Refer to the Group's announcement dated 26 September 2025 for details.

#### Revenue

The Group recorded a revenue of \$195.3 million for 1HFY26, representing a 26.4% and 6.5% increase over the \$154.5 million and \$183.3 million recorded in 1HFY25 and 2HFY25 respectively. The improvement reflects the higher level of construction activity in 1HFY26.

#### 1. Review of the Performance of the Group (Cont'd)

#### A. Consolidated Statement of Profit or Loss (Cont'd)

#### **Gross Profit**

The Group's gross profit and gross profit margin for 1HFY26 were \$18.3 million and 9.4% respectively (1HFY25: \$17.6 million and 11.4%; 2HFY25: \$17.8 million and 9.7%). The lower gross profit margin in 1HFY26 was mainly due to certain lower-margin projects undertaken in Malaysia. This was partially mitigated by the stronger margins in Singapore.

<sup>\*</sup> Comprises of Distribution Expenses, Administrative Expenses, Other Operating Income/Expenses and Other Gain – Exchange Gain/Loss.

Other Operating expenses for 1HFY26 of \$12.6 million were relatively unchanged compared to the \$12.6 million in 1HFY25 and \$12.5 million in 2HFY25.

The depreciation of right-of-use assets in 1HFY26 largely comprised a depreciation charge of \$1.2 million (1HFY25: \$1.2 million; 2HFY25: \$1.2 million) recorded in relation to the Group's headquarters located at No 2, Tanjong Penjuru Crescent ("2TPC").

Foreign exchange gain of \$0.2 million for 1HFY26 (1HFY25: \$2.2 million; 2HFY25: exchange loss of \$0.5 million) was due to the strengthening of the Malaysia Ringgit ("MYR") and Thailand Baht ("THB") against the Singapore Dollar ("SGD"). Between March 2025 and September 2025, the MYR and THB had strengthened by approximately 1% each against SGD.

Net Finance Expenses	(3,112)	(3,047)	2.1%	(3,112)	(3,555)	-12.5%

Net interest expenses declined to \$2.5 million for 1HFY26 (1HFY25: \$2.9 million), mainly due to reduced drawdown of floating interest rate trade facilities, coupled with lower floating interest rates charged by financial institutions during the period. Since December 2023, the Group has launched a multi-series unsecured commercial paper facility programme ("SDAX CP Facility Programme") to progressively replace higher-cost loans as part of ongoing efforts to reduce borrowing costs.

Net interest expenses for 1HFY26 were relatively unchanged compared to the \$2.5 million in 2HFY25.

The Group recognised an interest expense of \$0.5 million for 1HFY26 (1HFY25: \$0.5 million; 2HFY25: \$0.6 million), in respect of the lease liability relating to 2TPC,

The Group recorded a share of profit of \$0.6 million from its associates' business operations in 1HFY26 (1HFY25: \$0.5 million; 2HFY25: \$0.8 million), partially offset by the revaluation losses of an investment property held by an associate.

#### 1. Review of the Performance of the Group (Cont'd)

#### A. Consolidated Statement of Profit or Loss (Cont'd)

#### Profit for the period

In view of the above, the Group recorded a net profit for the period of \$1.2 million in 1HFY26 (1HFY25: \$2.5 million; 2HFY25: \$0.05 million).

Earnings before interest, tax, depreciation and amortization (EBITDA) amounted to \$15.3 million in 1HFY26 (1HFY25: \$17.5 million; 2HFY25: \$14.0 million).

Earnings per share was 0.03 cent for 1HFY26 (1HFY25: 0.06 cent; 2HFY25: loss per share of 0.01 cent).

#### 1. Review of the Performance of the Group (Cont'd)

#### B. Statement of Financial Position

#### **Non-Current Assets**

#### Property, Plant and Equipment

Net book value of property, plant and equipment ("PPE") stood at \$116.4 million as at 30 September 2025 (31 March 2025: \$115.8 million).

In 1HFY26, the Group invested \$9.8 million in new PPE as part of its ongoing fleet renewal programme. In addition, the Group reclassified \$0.5 million of inventories as PPE following a reassessment of their economic use and, conversely, reclassified \$0.2 million of PPE as inventories.

Plant and equipment with carrying values of \$0.6 million were disposed of in 1HFY26, resulting in a \$0.2 million gain. Depreciation charge for 1HFY26 amounted to \$8.6 million (1HFY25: \$8.9 million).

#### Right-of-use Assets

As at 30 September 2025, right-of-use asset and lease liability relating to 2TPC amounted to \$30.6 million (31 March 2025: \$31.8 million) and \$33.9 million (31 March 2025: \$34.8 million) respectively.

#### **Net Current Liabilities**

As at 30 September 2025, net current liabilities stood at \$4.5 million (31 March 2025: \$2.2 million). Current ratio (defined as current assets divided by current liabilities) was 0.98 (31 March 2025: 0.99).

Notwithstanding the Group's net current liability position as at 30 September 2025, the Group has assessed the sources of liquidity and funding available to the Group, believes that the Group will be able to meet its obligations due within the next 12 months. These include committed unutilised credit facilities (which also contains overdraft facilities) of \$30 million as at 30 September 2025 (31 March 2025: \$29 million), projected net operating cash inflows for the next 12 months and available cash reserves as at 30 September 2025 to finance the Group's working capital and day-to-day operation requirements.

In addition, the Group held higher inventories of \$32.5 million as at 30 September 2025 (31 March 2025: \$24.0 million), to support the anticipated increase in construction, equipment sales and leasing activities.

#### 1. Review of the Performance of the Group (Cont'd)

#### B. Statement of Financial Position (Cont'd)

#### **Net Current Liabilities (Cont'd)**

Trade and other receivables and contract assets increased by \$4.9 million to \$181.8 million (31 March 2025: \$176.9 million), mainly due to the higher level of construction activity in 1HFY26. The Group continues to actively expedite the collections of receivables to manage working capital efficiently.

Trade and other payables and contract liabilities increased by \$22.7 million to \$147.4 million (31 March 2025: \$124.7 million), in tandem with the higher business activity. The increase was also attributable to timing differences arising from the reclassification of current trade payables to non-current trade payables, in relation to the purchase of equipment held for sale under instalment arrangements; as well as payments to suppliers for the purchase of new PPE.

As at 30 September 2025, assets held for sale stood at \$3.5 million (31 March 2025: \$3.5 million).

#### **Loans and Borrowings**

The Group's loans and borrowings stood at \$106.5 million as at 30 September 2025 (31 March 2025: \$101.7 million). Of these, \$61.6 million or 58%, comprised floating interest rate loans (31 March 2025: \$67.8 million, 67%), taking into account the net repayment of such loans in 1HFY26. The increase in total loans and borrowings was mainly due to the drawdown of new finance lease loans to fund the acquisition of equipment and refinancing of encumbered equipment in 1HFY26.

In 1HFY26, the Group issued \$25.3 million in unsecured commercial papers under the SDAX CP Facility Programme, of which \$20.1 million matured and were fully redeemed by external parties. As at 30 September 2025, outstanding commercial papers amounted to \$17.9 million (31 March 2025: \$12.7 million), bearing interests rates ranging from 4.5% to 5.2% per annum and maturities between 18 December 2025 and 18 March 2026.

The Group's debt-to-equity ratio was 0.99 as at 30 September 2025 (31 March 2025: 0.95).

#### **Equity and Net Asset Value**

In 1HFY26, the Group repurchased 5.0 million ordinary shares for a total consideration of \$0.06 million. Following this, 99.1 million shares with carrying values of \$3.3 million were held as treasury shares as at 30 September 2025 (31 March 2025: 94.1 million shares with \$3.2 million).

As at 30 September 2025, the Group's total equity stood at \$107.0 million (31 March 2025: \$107.4 million), while net asset value per ordinary share was 3.1 cents (31 March 2025: 3.1 cents).

#### **Cash Flow from Operating Activities**

The Group generated positive cash flows from operating activities with a net cash inflow of \$18.8 million for 1HFY26 (1HFY25: \$5.3 million; 2HFY25: \$6.7 million). This was a result of focused working capital management and efforts to expedite the collections of trade receivables.

#### **Cash Flow from Investing Activities**

Net cash outflow from investing activities increased to \$5.0 million for 1HFY26 (1HFY25: \$0.8 million; 2HFY25: \$2.9 million), mainly due to higher capital expenditure incurred as part of the Group's fleet renewal programme in 1HFY26.

#### **Cash Flow from Financing Activities**

Net cash outflow from financing activities for 1HFY26 amounted to \$4.3 million (1HFY25: \$9.6 million), mainly due to lower net repayment of bank borrowings. In 1HFY26, the Group raised \$5.2 million from the issuance of commercial papers under the SDAX CP Facility Programme (1HFY25: \$4.6 million). The Group also paid dividends of \$1.2 million to the shareholders in 1HFY26 in respect of the financial year ended 31 March 2025.

In 2HFY25, the Group recorded a net cash inflow of \$1.6 million, taking into account the higher utilisation of trade facilities and proceeds from the issuance of commercial papers to support the business operations.

#### **Cash and Cash Equivalents**

As at 30 September 2025, the Group's cash and cash equivalents stood at \$25.5 million, compared to \$10.9 million as at 30 September 2024 and \$16.3 million as at 31 March 2025.

#### 2. Outlook

The Singapore construction sector is expected to remain positive over the next 12 months, supported by major public infrastructure and residential projects, including the expansion of the rail network and the increase in public housing supply. Continued foreign investments in biologics, pharmaceuticals and semiconductors are also expected to sustain industrial developments. With tender activity and competition expected to intensify, contractors with strong technical capabilities and proven reliability will be well positioned to capture emerging opportunities.

Since the start of FY2026, the Group has secured over \$170 million in new contracts, mainly in public residential projects and pharmaceutical developments, leveraging its geotechnical and foundation engineering expertise.

To strengthen its value proposition, the Group is establishing a service centre through three joint ventures with specialised Chinese servicing partners. This initiative is expected to enhance its servicing and maintenance capabilities to meet the sustained demand arising from the influx of China-origin foundation equipment into Singapore. This transaction is not expected to have a material effect on the consolidated earnings per share or net tangible assets per share of the Group for the financial year ending 31 March 2026. Please refer to the Group's announcement dated 26 September 2025 for details.

Amid rising manpower costs and competitive market conditions, the Group remains disciplined in project selection, focusing on contracts with sound margins and manageable risks, while maintaining strict liquidity and capital discipline.

As at 31 October 2025, the Group's order book stood at \$270 million (30 April 2025: \$300 million), with the majority of projects to be delivered within the next 12 months.

### 3. Interested person transactions

The Company had not obtained a shareholders' mandate for the interested person transactions under Chapter 9 of the Listing Manual.

Interested person transactions carried out during the 6 months ended 30 September 2025 under Chapter 9 of the Listing Manual are as follows:

#### Note:

(1) Excludes the transactions where the aggregate value of each category of transactions entered into with the same interested person was less than \$100,000. These transactions are not required in the interested person transactions disclosure under Chapter 9 of the Listing Manual.

#### 4. Audit / Review

The Group's figures have been reviewed by the Company's auditors in accordance with Singapore Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". The auditors' review report is issued in relation to the Group's Condensed Interim Financial Statements which is attached herewith. There are no qualifications or emphasis of matters in the auditors' review report.

## 5. Variance from Prospect Statement

No forecast or prospect statement has been disclosed to shareholders.

#### 6. Dividend

The following a tax exempt one-tier final ordinary dividend of 0.035 cent per share have been declared and paid in respect of the year ended 31 March 2025:

Name of dividend	Final
Dividend type	Cash
Dividend per ordinary share	0.035 cent
Tax rate	Tax exempt

Total final ordinary dividend paid amounted to \$1,221,000 in 1HFY26, which is based on share capital of 3,489,266,176 ordinary shares as at 27 August 2025. The final ordinary dividend paid represented a payout ratio of 64.8%.

No dividend has been declared/recommended for 1HFY26 and the corresponding period of the immediately preceding financial year, so as to preserve the Group's cash position.

#### 7. Confirmation

The directors of the Company confirm that to the best of their knowledge, nothing has come to the attention of the Board of Directors which may render the financial results for the period under review to be false or misleading in any material respect pursuant to Rule 705(5) of the SGX-ST Listing Manual.

The Company has procured undertakings from all its directors and executive officers (in the format set out in Appendix 7.7) under Rule 720(1) of the SGX-ST Listing Manual.

# Independent auditors' report on review of condensed consolidated interim financial information

The Board of Directors CSC Holdings Limited

#### Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of CSC Holdings Limited (the "Company") and its subsidiaries (the "Group") as at 30 September 2025 and the related condensed consolidated statement of profit or loss, condensed consolidated statement of comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the six-month period then ended and certain explanatory notes (the "Condensed Consolidated Interim Financial Information"). Management is responsible for the preparation and presentation of this Condensed Consolidated Interim Financial Information in accordance with Singapore Financial Reporting Standard (International) ("SFRS(I)") 1-34 Interim Financial Reporting. Our responsibility is to express a conclusion on this Condensed Consolidated Interim Financial Information based on our review.

#### Scope of review

We conducted our review in accordance with Singapore Standard on Review Engagements 2410 Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of the Condensed Consolidated Interim Financial Information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Singapore Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying Condensed Consolidated Interim Financial Information is not prepared, in all material respects, in accordance with SFRS(I) 1-34 Interim Financial Reporting.

Independent auditors' report on review of condensed consolidated interim financial information for six months ended 30 September 2025

#### Restriction on use

Our report is provided in accordance with the terms of our engagement. Our work was undertaken so that we might report to you on the Condensed Consolidated Interim Financial Information for the purpose of assisting the Company to meet the requirements of paragraph 3 of Appendix 7.2 of the Singapore Exchange Limited Listing Manual and for no other purpose. Our report is included in the Company's announcement of its Condensed Consolidated Interim Financial Information for the information of its members. We do not assume responsibility to anyone other than the Company for our work, for our report, or for the conclusions we have reached in our report.

During the financial period, the Group acquired property, plant and equipment with an aggregate cost of \$9,819,000 (30 September 2024: \$8,127,000) of which \$2,985,000 (30 September 2024: \$400,000) were acquired by means of hire purchase arrangements. Cash payments of \$7,481,000 (30 September 2024: \$3,964,000) were made to purchase property, plant and equipment, of which \$3,365,000 (30 September 2024: \$737,000) was for the unpaid liabilities for prior period's acquisition of property, plant and equipment. At the reporting date, the unpaid liabilities from the purchase of property, plant and equipment during the six months ended 30 September 2025 amounted to \$2,718,000 (30 September 2024: \$4,500,000).

The Group participates in a supplier finance arrangement under which banks agree to pay participating suppliers for invoices owned by the Group and the Group repays the banks at a later date, with interest. The principal purpose of this arrangement is to provide the Group with extended payment terms so as to better manage cash flows and liquidity. A portion of the proceeds from the banks shown in the financing cash flow activities reflects the amounts paid by the banks to the Group's suppliers on behalf of the Group.

## Notes to the condensed consolidated interim financial information

These notes form an integral part of the condensed consolidated interim financial information.

The condensed consolidated interim financial information was authorised for issue by the Board of Directors on 12 November 2025.

### 1 Domicile and activities

CSC Holdings Limited ("the Company") is a company domiciled in the Republic of Singapore. The condensed consolidated interim financial information as at and for the six months ended 30 September 2025, comprise the Company and its subsidiaries (together referred to as the "Group"). The Group is primarily involved in piling works, civil engineering works, trading and leasing of heavy foundation equipment, soil investigation and surveying works.

#### 1.1 Basis of preparation

The condensed consolidated interim financial information of the Group has been prepared on a condensed basis in accordance with the Singapore Financial Reporting Standard (International) ("SFRS(I)") 1-34 *Interim Financial Reporting*. They do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and financial performance since the last annual consolidated financial statements as at and for the year ended 31 March 2025.

The condensed consolidated interim financial information, which do not include the full disclosures of the type normally included in full annual financial statements prepared in accordance with the SFRS(I)s, are to be read in conjunction with the last audited consolidated financial statements for the year ended 31 March 2025.

Accounting policies and methods of computation used in the condensed consolidated interim financial information are consistent with those applied in the financial statements for the year ended 31 March 2025, which were prepared in accordance with SFRS(I)s, except for the adoption of new and amended standards as set out in note 1.4.

The condensed consolidated interim financial information is presented in Singapore dollars which is the Company's functional currency.

### 1.2 Going concern basis of accounting

The condensed consolidated interim financial information has been prepared on a going concern basis, notwithstanding the Group's total current liabilities exceeded its total current assets by \$4,545,000 as at 30 September 2025. Management, after assessing the sources of liquidity and funding available to the Group, believes that it will be able to meet its obligations due within the next 12 months from the date of financial statements. These include committed unutilised credit facilities (which also contains overdraft facilities) of \$30,000,000 as at 30 September 2025, projected net operating cash inflows for the next 12 months and available cash reserves as at 30 September 2025 to finance the Group's working capital and day-to-day operation requirements.

Based on these factors, management has a reasonable expectation that the Group has and will have the adequate resources to continue in operational existence for at least the next 12 months from the reporting date and for the foreseeable future.

## 1.3 Use of judgements and estimates

In preparing the condensed consolidated interim financial information, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty are consistent with those applied to the consolidated financial statements as at and for the year ended 31 March 2025 (see note 13).

## 1.4 Change in accounting policy

#### New and amended standards adopted by the Group

The Group adopted various new/revised SFRS(I)s, SFRS(I) interpretations and amendments to SFRS(I)s applicable for the financial year beginning on 1 April 2025. The application of these standards and interpretations did not have a material effect on the condensed interim financial information.

## 2 Seasonal operations

The Group's businesses are not affected significantly by seasonal or cyclical factors during the financial period.

## 3 Property, plant and equipment

During the six months ended 30 September 2025, the Group acquired assets amounting to \$9,819,000 (six months ended 30 September 2024: \$8,127,000) and disposed of assets amounting to \$610,000 (six months ended 30 September 2024: \$684,000).

During the six months ended 30 September 2025, the Company completed the buy-back of 5,000,000 (31 March 2025: 17,150,000) ordinary shares, representing 0.14% (31 March 2025: 0.49%) of the issued share capital on that date, under the terms of the Share Buyback Mandate dated 15 July 2025, approved by shareholders on 30 July 2025. The shares were bought back at an average market price, including incidental costs, of \$0.012 (31 March 2025: \$0.009) per share, for a consideration of \$58,000 (31 March 2025: \$152,000). This amount is classified as reduction in equity under 'reserve for own shares'. As at 30 September 2025, the Company held 99,082,000 (31 March 2025: 94,082,000) of its own uncancelled shares.

As at 30 September 2025, there were no outstanding shares options or warrants (31 March 2025: Nil) for conversion into ordinary shares.

The holders of ordinary shares (excluding treasury shares) are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All shares (excluding treasury shares) rank equally with regard to the Company's residual assets.

The loan facilities of certain subsidiaries are subject to externally imposed capital requirements where these subsidiaries are required to maintain net assets (total assets less total liabilities) or net tangible assets (total tangible assets less total tangible liabilities) in excess of specific financial thresholds. The subsidiaries have complied with the covenants at the reporting date.

For the purpose of calculating the diluted earnings per ordinary share, the weighted average number of ordinary shares in issue is adjusted to take into account the dilutive effect arising from the dilutive potential ordinary shares weighted for the period outstanding.

The weighted average number of ordinary shares in issue is as follows:

		Six months ended 30 September		
	2025 No. of shares '000	2024 No. of shares '000		
Weighted average number of shares	3,490,960	3,509,457		

## 9 Segmental information

The Group has two reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different products and services, and are managed separately because they require different marketing strategies. For each of the strategic business units, the Group's Board of Directors reviews the internal management reports on a quarterly basis. The following summary describes the operations in each of the Group's reportable segments:

Foundation and geotechnical engineering:

Includes civil engineering, piling, foundation and geotechnical engineering, soil investigation, land surveying and other related services.

Sale and lease of equipment:

Sales and rental of foundation engineering equipment, machinery and spare parts.

Other operations include the sale and sublet of land, property development and fabrication, repair and maintenance services for heavy machinery. None of these segments meet any of the quantitative thresholds for determining reportable segments in both financial periods.

The bases of measurement of the reportable segments are in accordance with the Group's accounting policies.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit before tax, as included in the internal management reports that are reviewed by the Group's Board of Directors. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis.

## 13 Accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The selection of critical accounting policies, the judgements and other uncertainties affecting application of those policies and the sensitivity of reported results to changes in condition and assumptions are factors to be considered when reviewing the condensed consolidated interim financial information. The Group believes the critical accounting policies involving the most significant judgements and estimates used in the preparation of the condensed consolidated interim financial information are consistent with those found in the last audited financial statements for the year ended 31 March 2025.

#### Fair value hierarchy

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

When measuring the fair value of an asset or a liability, the Group uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability might be categorised in different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement (with Level 3 being the lowest).

The Group recognises transfers between levels of the fair value hierarchy as of the end of the reporting period during which the change has occurred.

## 14 Fair value of financial instruments

#### Fair values versus carrying amounts

The carrying amounts and fair values of the financial assets and liabilities, including their levels in the fair value hierarchy are as follows. It does not include fair value information for financial assets and liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

### Estimation of fair values

The following methods and assumptions are used to estimate fair values of the following significant classes of financial instruments:

Fixed interest rate bank loans

The fair values have been determined by discounting the expected payments with current interest rates for similar instruments at the reporting date.

Floating interest rate bank loans

The carrying amounts of floating interest bearing loans, which are repriced within 1 to 6 months from the reporting date, reflect the corresponding fair values.

Non-current trade and other receivables and non-current trade and other payables

The fair value information has not been disclosed for non-current trade and other receivables and non-current trade and other payables as the carrying values approximate their fair values and the Group and the Company do not anticipate that the carrying amounts recorded at the end of the financial year would be significantly different from the values that would eventually be received or paid.

Other financial assets and liabilities

The notional amounts of financial assets and liabilities with a maturity of less than one year (including current trade and other receivables, cash and cash equivalents, current trade and other payables and short term borrowings) are assumed to approximate their fair values because of the short period to maturity.

#### Interest rates used in determining fair values

The interest rates used to discount estimated cash flows, where applicable, are based on the government yield curve at 31 March plus an adequate credit spread, and are as follows:

	30 September 2025 %	31 March 2025 %
Secured bank loans Unsecured bank loans	2.80 - 7.17 $3.05 - 6.22$	

Transfers between Levels 1, 2 and 3

There were no transfers of financial instruments between Levels 1, 2 and 3.
