FOR IMMEDIATE RELEASE

CSC SECURES \$178 MILLION WORTH OF CONTRACTS

SINGAPORE, 30 September 2016 – Mainboard-listed foundation and geotechnical engineering specialist, **CSC Holdings Limited** has been awarded contracts worth approximately \$178 Million since the start of its financial year 2017 on 1 April 2016, boosted by ongoing infrastructure projects in Singapore and an industrial project in Malaysia.

East Coast Stretch of the Thomson-East Coast Line (“TEL”)

CSC has secured foundation contracts for three MRT stations along the East Coast Stretch of the TEL. The East Coast Stretch of the TEL comprises nine MRT stations and one Integrated Depot.

CSC’s contract involves the construction of diaphragm walls, ground improvement works, bored piles, barrette piles and micro-piles for the Amber Station, Bayshore Station and Sungei Bedok Station. Sungei Bedok Station will be an interchange, connecting the TEL with the Downtown Line.

Work on these projects is expected to commence towards the end of 2016 and is targeted to complete by end 2018.

Land Preparation Works for Airfields and related ancillary works at Changi East

In addition, CSC has been awarded contracts for land preparation works for airfields and related ancillary works at Changi East. Under the terms of engagement, CSC will provide ground improvement and driven-pile services for the project, which has started in mid-September 2016 and to be completed by end 2017.

Refinery and Petrochemical Integrated Development (“RAPID”) Project in Pengerang, Johor, Malaysia

Beyond Singapore, significant contracts secured by the Group relates to the construction of foundations using reinforced concrete piles for the RAPID project in Malaysia. Developed by Malaysian oil and gas company Petroliam Nasional Berhad (“Petronas”), RAPID is

FOR IMMEDIATE RELEASE

located within the Pengerang Integrated Petroleum Complex in Johor, and will house oil refineries, naphtha crackers, petrochemical plants, as well as a liquefied natural gas (LNG) import terminal and a regasification plant. Work on the project has been ongoing since July 2016 and is expected to be completed within the CSC's 2017 financial year.

Apart from the above, other contracts awarded to CSC include private and public residential developments, schools, industrial developments and transport infrastructure projects in Singapore and Malaysia. Accordingly as at 30 September 2016, CSC's order book stood at approximately \$200 million.

About CSC Holdings Limited

CSC Holdings Limited (SGX: C06) is Singapore's largest foundation and geotechnical engineering specialist, and one of the region's leading ground engineering solutions providers for private and public sector work, which include residential, commercial, industrial and infrastructure projects.

The Group operates principally as a foundation and geotechnical specialist and offers a full range of capabilities in this field, including the construction and installation of large diameter bored piles, diaphragm walls, driven piles, jack-in piles, micro piles, soil improvement works, soil investigation and instrumentation services, as well as automatic tunnel and structural monitoring survey.
