CSC SECURES KLANG VALLEY MRT FOUNDATION CONTRACTS

✓ Projects Secured for FY2013 Exceeds \$400 Million

SINGAPORE, 4 March 2013 – Mainboard-listed foundation and geotechnical engineering specialist, **CSC Holdings Limited** (the “Group” or “CSC”) has secured foundation contracts aggregating in excess of \$100 million in the past 4 months. Total contracts secured since the start of the current financial year has exceeded \$400 million.

Among the notable awards are foundation contracts for the Klang Valley Mass Rapid Transit (“KVMRT”) projects in Malaysia, whereby the Group will construct diaphragm walls, bored piles and install foundation piles via the jack-in method at Bukit Ria MRT station, as well as a launching shaft for the MRT project. Construction is expected to commence in March 2013 and be completed by mid 2013.

Apart from the KVMRT contracts, the Group has also clinched foundation contracts for a commercial property and from the residential sector, which includes private residential apartments in Petaling Jaya, Johor Bahru and Penang. To date, the value of contracts secured in Malaysia for the current financial year is more than \$60 million.

In Singapore, the Group continues to secure new foundation contracts from both the private and public residential sectors, which includes The Scotts Towers, The Tembusu, Skies Miltonia, Q Bay Residence, Sennett Residence and Cluny Park Residence, executive condominiums Twin Fountains and Forestville, as well as Housing & Development Board projects located at Sengkang, Choa Chu Kang, Kallang-Whampoa and Tampines. The Group has also secured foundation contracts for various institutional, commercial, industrial and logistic projects and industrial facilities on Jurong Island.

Further afield, the Group’s outfit in Thailand has secured foundation contracts for several private residential projects, a school project and a commercial development, located in and around Bangkok.
